Language: English Brand New Book ***** Print on Demand *****.Excerpt from *An Introduction to the Study of Rhetoric, Vol. 1: Lessons in Phraseology, Punctuation and Sentence Structure* This book is intended as an introduction to the study of rhetoric; it includes lessons in phraseology and sentence structure covering the requirement in advanced grammar and in sentence structure for entrance to college, and lessons in punctuation. The work throughout has been so planned that the book may be used in elementary classes in English as soon as the study of grammar is completed, or in more advanced classes as a direct preparation for college. Part Part I. treats of the use and agreement of words. The lessons here presuppose a knowledge of parts of speech and of analysis, but it is suggested that constant drill in parsing and analysis be insisted upon when the book is used by young pupils. In elementary classes, as many quotations as possible from those illustrating correct usage should be memorised by the pupils and written in class. The writers are convinced that the best means of ensuring correctness of speech is to accustom the pupil as early as possible to the sound of good English. Titles and the names of authors also should be learned. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
