Excerpt: . . . 11 and I look forward to working closely with you to make progress on those issues. I have been a researcher and teacher in the field of food safety. My research efforts have led me to investigate pathogens such as E. coli O157: H7, Listeria Monocytogenes, and Salmonella. I believe my experience as a scientist and educator and my perspectives as an outsider looking in will be valuable as I begin this new position. FSISs mission is to ensure that the Nations commercial supply of meat, poultry and egg products is safe, wholesome and correctly la-beled and packaged. FSISs goal is to protect the public health by significantly reducing the prevalence of foodborne hazards in meat, poultry and egg products. FSIS has a long, proud history of pro-tecting the public health, dating back to 1906. Although changes have been made over the years to...
