

World Century Compendium to TCM: Volume 4: Introduction to Chinese Internal Medicine

By Min Chen

World Century. Paperback. Book Condition: New. Paperback. 676 pages. Dimensions: 8.9in. x 6.0in. x 1.4in. Chinese internal medicine is a clinical subject which explains, using traditional Chinese theories, the etiology, pathology and therapeutic rules of the diseases or syndromes belonging to internal medicine. It is also the foundation for learning and research in other clinical branches of Chinese medicine, thus playing a vital role in traditional Chinese medicine (TCM). Chinese internal medicine has had a long history. Its origins can be traced back several thousand years. Through long-term diagnostic and therapeutic practices, a rich collection of experiences and theories in Chinese internal medicine has been accumulated and this has gradually evolved into a complete, distinctive and effective clinical branch. In recent decades, Chinese internal medicine has also undergone more significant developments, especially in the treatment of cardiac or cerebral vascular diseases, digestive tract diseases, renal diseases and autoimmune diseases. In order to popularize Chinese internal medicine and allow readers to grasp its basic theories as well as diagnostic and therapeutic methods, we wrote this book in a language easily comprehensible by the layman. For ease of learning by modern doctors, we proceeded from the current clinical practice and outlined the contents...

Reviews

Basically no words to describe. We have read through and i also am sure that i am going to going to read once more once again later on. You may like just how the article writer compose this publication.

-- Mrs. Jane Quitzon DDS

This ebook might be worth a read, and superior to other. It is probably the most remarkable book i have got read. Its been designed in an remarkably straightforward way and it is merely soon after i finished reading this publication where really modified me, alter the way i really believe.

-- Alex Zieme DDS
