By Chris Minnick, Eva Holland

John Wiley Sons Inc, United States, 2016. Paperback. Book Condition: New. 1. Auflage. 236 x 195 mm. Language: English . Brand New Book. Learn to code the fun way with nine real projects for true beginners Adventures in Coding is written specifically for young people who want to learn how to code, but don't know where to begin. No experience? No problem! This book starts from the very beginning to take you from newbie to app-builder in no time. You'll learn by doing as you build projects designed to help you master fundamental programming skills and you'll have a great time doing it. These skills form the foundation of any programmer's tool set, and you'll continue to use them as you graduate to other devices and more difficult projects. Each chapter includes a video to help clear up any confusion and make sure you really understand, so you can keep programming your way through every single project without hitting major roadblocks. If you're ready to start designing your own program, this book will help you get started today. More and more kids are learning to code, and many schools offer basic programming classes as...
