Universal Law Pub, 2016. Soft cover. Book Condition: New. 2nd Edition. In terms of innate mental abilities, they come with higher grades than average to enter the profession. They acquire a new identity with a prefix of doctor to their name and the society expects the best from them often forgetting that they are like other humans and not infallible. This practice has multiplied enormously a litigious culture in society. In India doctors face an onslaught of emotional public wrath when medical mishaps take place and...
