With this view, it is proposed to introduce mew set of machinery for pattern-making, arranged mainly upon new and original designs, adapted especially to the peculiar requirements of pattern shops. Hitherto, pattern shops have, as a rule, been supplied with machines intended for, and adapted to joiner work; in some cases too heavy, in others too light, and in nearly all cases, wanting adaptation to the nature of the work. The Atlantic Works was founded in 1869 for the manufacture of machines especially directed to railway car manufacturing, and Band Sawing Machinery. There had been to this time but one class of wood-cutting machines, arranged especially for cabinet work and joinery, yet applied to all purposes, including heavy work, while in England...
