Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Letters to a Mother on the Philosophy of Froebel Froebel seizes the rudimentary activities in the child s mind and discovers means of exercising them so as to educate them by development. He makes a systematic series of plays and games which point prophetically forward to the civilization which reveals itself in adult occupations. The theory of evolution explains each faculty and habit of man by pointing back to some violence or danger against which the animal aroused all its energies to protect itself. The faculty or habit is a survival of that struggle. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
