Palgrave Schol, Print UK, UK, 2005. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. Available Now. Book Description: This book takes the reader beyond the commonly accepted view that information technology is the core knowledge management tool. It builds on the idea that knowledge management should be seen from different perspectives: information technology versus human interaction, knowledge as a product versus a process, individuals versus collectives, horizontal versus vertical borders of knowledge, knowledge management reports and Human Resource Management. : Review: 'I would like this book to be used by companies that are considering introducing knowledge management. Much time and much money could be saved by using this book as a starting point for group work before the launch of a knowledge project.' - Professor Jens Geneffeke, Borsen : About the Author: PER NIKOLAJ BUKH is a professor at the Aarhus School of Business in the Accounting, Finance and Logistics Department.
